

# Nutley Maps Order Form

## **Historic Maps of Nutley now available for purchase**

The Kingsland Manor has made reprints of two sets of historic maps of Nutley. Proceeds from the purchase of the maps will be used to purchase signage for all the historic Nutley sites.

The earlier set of three maps is from the **1890 Robinson Atlas of Essex County** that show the locations of some of the tracts of land owned by the prominent families that made up the area while it was still Franklin. The second set of three maps is from the **1906 Mueller Atlas of Essex County** that provide more detail of the roads, homes, street car tracks, and railroad that existed when Nutley was incorporated as a town. Each map is printed on quality paper and priced at \$30 each or \$75 for a complete set of three.

---
